Faculty meeting is held twice in a semester at the beginning and at the end. Heads of the Departments meeting is convened at least twice a month. Departmental meetings will be convened once in a week by HOD. Faculty members are involved in Timetable preparation, Lab In-charge to procure and maintenance of Laboratory equipment. There are two faculty members as In-charge of examinations called Coordinators of Examinations. There are Faculty Advisors for different Clubs.

C) Students Involvement:-

Students are involved in all the Students' functions like College Day, Freshers' Day, Teachers' Day, Engineers' Day and etc,. Students are liberally encouraged to give feedback of each subject in the middle and at the end of the semester.

D) Mechanism/Norms & Procedure for democratic/good Governance

- Head of each department will have all the academic and administrative freedom for smooth functioning of the theory and laboratory classes and discipline in each department.
- At the end of month, the attendance particulars are communicated to all the parents.
- At the end of each Internal examination, the marks are communicated to the parents. Wherever the attendance of student is bad/poor parents are informed by registered letter or through a college messenger, to see that the parents are fully aware of the performance of the student.
- There are financial powers decentralized in purchases of equipment/maintenance.

11. STUDENT FEEDBACK MECHANISM ON INSTITUTIONAL GOVERNANCE AND FACULTY PERFORMANCE

- At the end of every semester, standard feedback proformas are circulated to each student by the Head of the Department and the feedback is collected in the presence of the Head of the Department. Then, the Head of the Department & Principal analyses the feedback forms and comes out with critical cases like non-coverage of syllabus, interaction of the student and faculty performance etc. Necessary steps are taken for efficient functioning by the staff Member. However, the feedback forms are not utilized for any severe penalty. They are only utilized for cautioning the faculty for improving their skills.
- There is self assessment by individual faculty member. Remarks of Head of the Department and Principal are available. Necessary follow up action will be taken wherever necessary.

12. TEACHERS, EMPLOYERS & ALUMNI FEEDBACK MECHANISM ON THE CURRICULUM

- Students are the direct stakeholders who can express their opinions on the curriculum. But, Teachers transmit the curriculum and are closely aware of its advantages and disadvantages. As they cannot make changes in curriculum themselves in affiliated colleges, their feedback would be of value to the universities in the subsequent revisions.

- Employers would be able to assess the relevance of curriculum as the present students are future employees. Similarly, alumni can make suggestions based on their own learning experiences and utility of their learning.

13. GREVIENCE REDRESSEL MECHANISM

- A Separate Grievance committee is constituted to hear the grievances of staff & students.
